

NETWORK MEMBERSHIP 2020-21

 **EdLeader21**
A Network of **Battelle**forKids

The real power of the EdLeader21 Network is you. It's the interactions and connections among 200+ innovative school systems across the country that enable us all to accelerate 21st century learning for every student together.

Here are the upcoming opportunities available to members that can support transforming your educational system.

COLLABORATION

NEW Superintendent Round Table

Leverage the power of the network and connect with other Superintendents from across the country to share experiences and inspire you in the journey towards your vision of 21st century learning.

NEW Leadership Forum

Connect with Chief Academic Officers and other district leaders of curriculum, instruction, and assessment throughout the year to support one another in implementing 21st century learning experiences.

NEW Job Alike Groups

Connect with colleagues in similar roles from across the country to share successes and common challenges, while growing your personal network:

- Principals
- Teachers
- Support Specialists

Study Groups

- **Diversity, Equity, and Inclusion:** Identifies and overcomes the barriers that prevent equitable implementation of deeper learning for every student, including underserved populations.
- **Assessment:** Designs and curates resources for implementing, improving, and scaling the assessment of Portrait of a Graduate competencies.

Collaboration Platform

Collaborate online and access tools and resources developed and curated by network members and Battelle for Kids to support 21st century learning implementation.

Visit bfk.me/EL21

NEW RoadMap21

Helps education leaders identify the system-wide moves necessary to implement your vision for 21st century learning experiences and outcomes. It also provides specific insights and recommendations based on your progress in your transformation journey.

Portrait My Sketch Tools

PORTRAIT OF A GRADUATE

Locally developed and globally positioned, your school system's Portrait of a Graduate is created with the community to identify the 21st century skills, mindsets, and competencies that students need to be lifelong learners and contributors. The website includes tools and resources to help you engage with your community to develop your local Portrait of a Graduate.

PORTRAIT OF AN EDUCATOR

Locally developed, your system's Portrait of an Educator is created through the engagement of a design team representing diverse perspectives and voices, including teachers and building and central office leaders. This tool helps identify the supports educators need to shift practice, as they implement learning experiences, aligned to your locally developed Portrait of a Graduate.

Resource Library

Access customizable 21st century education resources including rubrics, implementation guides, online professional learning courses, videos, as well as sample artifacts from other school systems.

PROFESSIONAL LEARNING

EdLeader21 ANNUAL EVENT

The largest and most engaging experience that brings together like-minded education leaders from across the country to network, share ideas, learn from each other, and plan for the future.

bfk.org/AnnualEvent

Virtual Learning Sessions

PORTRAIT TO PRACTICE WEBINAR SERIES

Engage with other members as they share artifacts, lessons learned, and insights that illustrate how 21st century learning becomes a reality for students. Topics in the series include:

- Learning Frameworks
- Capacity Building
- Cornerstones & Capstones
- Deeper Learning Experiences Design

PORTRAIT OF A GRADUATE OFFICE HOURS

Inquire and learn from other members who are on the same journey of creating and implementing a vision of 21st century learning, or Portrait of a Graduate.

SPOTLIGHT SESSIONS

Learn from leading experts in the field of 21st century education, such as Jay McTighe, Tony Wagner, and Pam Moran who can challenge our thinking and inspire us to lead change across an entire system.

ADDITIONAL PROFESSIONAL LEARNING OFFERINGS AT SPECIAL PRICING FOR NETWORK MEMBERS

NEW Assessment21

A unique online learning experience designed to support teachers in understanding 21st century competencies, designing assessments for deeper learning, using rubrics to score complex student work, and utilizing student-led, engaged assessment practices.

NEW BootCamp21

A two-day intensive, exploratory experience where teams learn about why 21st century learning is needed today, and what steps a school system and community must take to equitably implement 21st century learning for all students.

NEW Principals Academy

This year-long experience provides school leaders with the opportunity to learn about implementing 21st century learning for all students.

NEW The Student Experience™ Survey

Created in collaboration with Gallup, this survey elevates student voice by capturing their feedback on hope, engagement, and belonging. With real-time reporting, educators receive essential, reliable, and timely student feedback to inform practice.

NEW Dare to Lead™ Workshop

Based on the research of Dr. Brene Brown, this program focuses on developing courage-building skills to help individuals, teams, and organizations move towards daring leadership.

NEW HC21

This suite of online modules and consulting services helps education leaders design, implement, and scale 21st century human capital systems (HC21) to attract, retain, and grow an empowered workforce to implement deeper learning for every student.

Customized Professional Learning

This offering includes both in-person and virtual professional learning options and is designed to meet your system's unique needs as you build capacity to implement 21st century learning for every student.
