INVITATION TO EXHIBIT

For most rural school districts in this country, collaboration is not a choice, it is a necessity. Collaboration helps to elevate the voice of rural districts, uplift and empower isolated educators, administrators, and students, and leverage limited resources to tackle big issues.

In the spirit of collaboration, Battelle for Kids and the National Rural Education Association (NREA) are partnering together to host the 2018 National Forum to Advance Rural Education and 110th NREA Convention and Research Symposium.

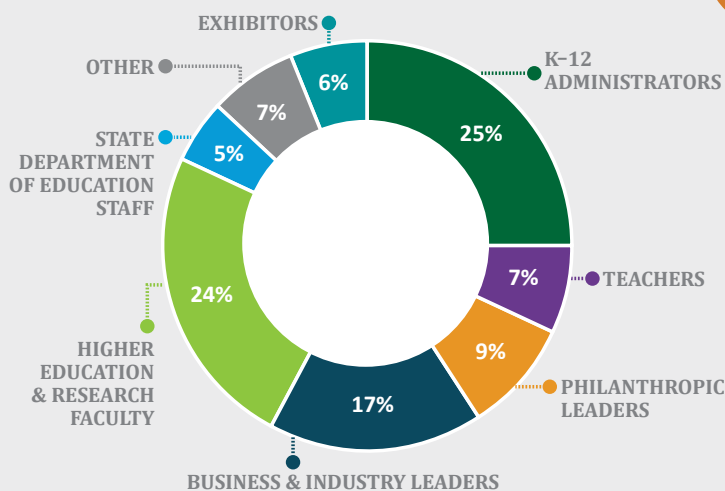

Join hundreds of national experts, K-12 and higher education practitioners, leading researchers, policymakers, and philanthropic leaders from around the country to learn, network, and collaborate on the topics at the forefront of rural education.

Take advantage of two full days to connect with key influencers and decision makers in their organizations, districts, and schools.
