

JOB ANNOUNCEMENT

May 17, 2018

We are seeking a **Senior Director, Improvement and Impact**, to provide subject matter expertise and thought leadership to the development of content and the delivery of face-to-face and/or online courses in areas of learning related to the strategic direction of BFK. These include, but are not limited to, human capital, 21st Century Learning, strategic planning, instructional improvement, curriculum alignment and innovative teaching.

ESSENTIAL JOB RESPONSIBILITIES:

1. In collaboration with the Chief Improvement Officer, deliver comprehensive, strategic counsel and subject matter expertise to clients in areas of learning related to 21st Century Educational Systems and the strategic direction of BFK.
2. Represent Battelle for Kids in consultation, coaching, learning and speaking engagements with clients and partners, networking as appropriate to grow business.
3. Serve as an innovation and thought leader on Battelle for Kids' Improvement and Impact team and for the organization in general.
4. Provide thought leadership with research, writing and presentations for BFK.
5. In collaboration with the Chief Improvement Officer, pursue new clients to support business development.
6. Design and create tools such as training materials, guides and multi-media tools to help educators improve their practice.
7. Consult with internal staff on various projects to help inform adult pedagogy and change management processes.
8. Analyze feedback on BFK professional development events and make adjustments for improvement.
9. Assume responsibility for professional growth and development, keeping current on trends and issues related to content and issues related to the strategic direction of BFK.
10. Frequent travel to support clients and contracts (up to 50%).

REQUIRED KNOWLEDGE AND SKILLS:

The successful candidate will possess a significant understanding of subject matter as well as current trends and issues in education and business. He/She will demonstrate exceptional interpersonal, relationship-building, problem-solving and organizational skills as well as exceptional written, oral and active listening skills. First-hand knowledge of the organizational operations and strategies involved in school leadership is a plus. The ability to collaborate and communicate with diverse and demanding stakeholder groups is required. Strong background, including professional development and experience, in the components of a 21st Century Educational System is necessary.

MINIMUM EDUCATION AND EXPERIENCE:

Requires a Master's Degree in education, business or related field (Ph.D. or Ed.D a plus.). Experience as a school or business leader responsible for leading projects and providing strategic consulting. Experience as a presenter and facilitator with adult learners, specifically educators and other district leaders. Experience organizing and mobilizing resources and people to achieve targeted goals. Experience leading teams of individuals in a collaborative manner while focusing on innovative solutions and meeting client needs.

Battelle for Kids offers a competitive salary and benefits package commensurate with experience. E-mail letter of interest and resume to resumes@battelleforkids.org. **No phone calls please.**
