### 21st Century Student Outcomes & Support Systems

The P21 Framework for 21st Century Learning was developed with input from educators, education experts, and business leaders to define and illustrate the skills, knowledge, expertise, and support systems that students need to succeed in work, life, and citizenship.

The Framework continues to be used by thousands of educators and hundreds of schools in the U.S. and abroad to put 21st century skills at the center of learning. All elements of the Framework are critical to ensure 21st century readiness for every student.

When a school, district, or state builds on this foundation, combining knowledge and skills with the necessary support systems of standards, assessments, curriculum and instruction, professional development, and learning environments, students are more engaged in the learning process and graduate better prepared to thrive in today's digitally and globally interconnected world.

## KEY SUBJECTS & 21ST CENTURY THEMES

Mastery of key subjects and 21st century themes is essential to student success. Key subjects include English, reading, or language arts, world languages; arts; mathematics, economics; science; geography; history; government; and civics.

In addition, schools must promote an understanding of academic content at much higher levels by weaving 21st century interdisciplinary themes into key subjects:

- Global Awareness
- Financial, Economic, Business, and Entrepreneurial Literacy
- Civic Literacy
- Health Literacy
- Environmental Literacy

## LEARNING & INNOVATION SKILLS

Learning and innovation skills are what separate students who are prepared for increasingly complex life and work environments in today's world and those who are not. These skills include:

- Creativity and Innovation
- Critical Thinking and Problem Solving
- Communication
- Collaboration

## INFORMATION, MEDIA & TECHNOLOGY SKILLS

Today, we live in a technology and media-driven environment, marked by access to an abundance of information, rapid changes in technology tools, and the ability to collaborate and make individual contributions on an unprecedented scale. Effective citizens and workers must be able to exhibit a range of functional and critical thinking skills, such as:

- Information Literacy
- Media Literacy
- ICT (Information, Communications, and Technology) Literacy

## LIFE & CAREER SKILLS

Today's students need to develop thinking skills, content knowledge, and social and emotional competencies to navigate complex life and work environments. P21's essential Life and Career Skills include:

- Flexibility and Adaptability
- Initiative and Self-Direction
- Social and Cross-Cultural Skills
- Productivity and Accountability
- Leadership and Responsibility

## 21st Century Support Systems

21st century learning requires an innovative support system to engage learners through applicable skills and knowledge, appropriate technologies, and real-world connections to make learning relevant, personalized, and engaging. P21 has identified five critical support systems to ensure all students receive the kinds of learning experiences that build 21st century competency:

- 21st Century Standards
- Assessments of 21st Century Skills
- 21st Century Curriculum and Instruction
- 21st Century Professional Development
- 21st Century Learning Environments

## About the Partnership for 21st Century Learning

The Partnership for 21st Century Learning recognizes that all learners need educational experiences in school and beyond, from cradle to career, to build knowledge and skills for success in a globally and digitally interconnected world. Representing over 5 million members of the global workforce, P21 unites business, government, and education leaders from the U.S. and abroad to advance evidence-based education policy and practice and to make innovative teaching and learning a reality for all.

P21 and member organizations provide tools and resources that help facilitate and drive this necessary change. Learn more and get involved at [battelleforkids.org/networks/p21](http://battelleforkids.org/networks/p21).
