What Every Principal Needs to Know About Link/Roster Verification and Teacher Value-Added Reports

In fall 2013, all districts/community schools will receive teacher value-added reports. To ensure accuracy of teachers' value-added data, all Ohio districts/community schools will participate in the spring 2013 link/roster verification process. Before reports are issued, school leaders have the opportunity to learn how to interpret, communicate about and use report information to support professional growth.

What is the Link/Roster Verification Process?

Link/roster verification is a process to accurately capture the instructional linkage between teachers and students. A key element of roster verification is engaging teachers in the process, to build greater awareness and trust in measures of effectiveness. The active participation of teachers and principals is essential for accurately capturing *which* teacher provides instruction in *what* subject to *which* students.

Completing this process will ensure data accurately represent the instruction taking place over the course of the academic year, and will increase the reliability of value-added information.

Workshop Design

This workshop is designed to offer two sessions. The morning session focuses on link/roster verification. The afternoon session focuses on teacher value-added report implications and use. We encourage teams to attend both sessions.

Target Audiences:

- Principals and District Lead(s) of those LEAs who will be completing the link/roster verification process for the first time in spring 2013.
- LEAs who have participated in the link/roster verification process in the past and would like a refresher.

Agenda — 2 sessions

Morning Session, 9 – 11:30 a.m.:

Link/Roster Verification Process

Learning Targets:

- Understand the fundamentals of the link/roster verification process.
- Plan strategies to support the efficient completion of the link/roster verification process at the building level.
- Locate resources to deliver effective link/roster verification protocols at the building level.
- Prepare to lead the work of the link/roster verification process in your building/district.

Lunch, 11:30 – noon:

Box lunch will be provided for all registered attendees

Afternoon Session, 12 – 2:30 p.m.:

Understanding Teacher Value-Added Reports

Learning Targets:

- Understand the connection between link/roster verification and teacher value-added reports.
- Understand how to interpret teacher value-added reports.
- Explore ways to leverage teacher value-added reports to improve learning and teaching

Registration Details

Please register by **January 22, 2013** in STARS for one of these important workshops. Sign up for the event to attend either or both sessions: <https://safe.ode.state.oh.us/portal>. (Search key word "value-added" to find the sessions more easily).

Winter 2013 Value-Added Workshops

To learn more about how to interpret and use teacher value-added reports, and prepare for the link/roster verification process, register to attend the session in your region.
