

NEEDED NOW: *Daring Leadership*

Based on the research of Dr. Brené Brown, Dare to Lead™ is an empirically based courage-building program for leaders; a necessary tool for those committed to being champions for equity in their systems.

The most significant finding from Brené’s latest research is that courage is a collection of four skill sets that are teachable, measurable, and observable. The Dare to Lead™ program focuses on developing these courage-building skills to help individuals, teams, and organizations move from armored leadership to daring leadership.

The Four Skill Sets of Courage

- Rumbling with Vulnerability
- Living into Our Values
- BRAVING Trust
- Learning to Rise
