

## Activate your Portrait of a Graduate this year!

This professional learning experience supports you in creating a one-year implementation map putting your Portrait of a Graduate into practice. Roadmap21 drives districts embarking on their journey, needing a jumpstart, or onboarding new leaders.

### Bring your portrait to life!

- Engage in an inquiry process to articulate a theory of action.
- Create a one-year roadmap with action steps to lead your team on a path to 21st century, deeper learning for all students.
- Rally your district leadership around a shared understanding of education transformation, and how the vision comes to life across the system.

### What is the learning schedule?

**Flexible scheduling options are available. Choose which works best for you:**

- A customized learning schedule for your district
- A national cohort where participants from multiple districts learn together
